

# STEPS

ST LUKES ENVIRONMENTAL PROTECTION SOCIETY

## Annual General Meeting 2013

## ALL WELCOME

After the AGM, there will be presentations from STEPS on the potential of re-introducing threatened and uncommon native plants into areas of established vegetation and recently planted sites along the Roy Clements Treeway; and Morphem Environmental on opportunities for ecological restoration along the upper reaches of Meola Creek. A short update on the Central Interceptor will be provided by Watercare representatives.

**Historic Alberton House, 100 Mt Albert Rd  
7pm, Thursday, 20 June 2013**
