

3. If Central Interceptor is approved then project scope to include wetlands, creek naturalisation of major affected creeks and plantings to mitigate the carbon emissions (in construction and operational phases) and ongoing environmental damage from overflows and runoff.
4. If Central Interceptor is approved then the tunnel between Lyon Avenue and Haverstock should go through the grassy open spaces owned by Auckland Council and Mt Albert Grammar School. This would avoid the destruction of the central 10% of Roy Clements treeway at Lyon Ave and destruction of hundreds of trees aged 30-40 years and tunnelling under dozens of residential properties.

Details supporting all 4 points with references corrections and omissions are attached in the STEPS submission.
