ST LUKES ENVIRONMENTAL PROTECTION SOCIETY

Annual General Meeting 2016

ALL WELCOME

After the AGM, there will be updates on several topical issues including:

Designation of Roy Clements Treeway as "Significant Ecological Area"

– Why is it important and What does it mean?

Central Interceptor – Core samples, cross-sections & future plans

2016 plantings in wetland/rock forest & Meola Creek updates

Following the updates, there will be a general panel/floor discussion for these issues and those raised by the audience

Come along and have your say :)
